

Full Stack Web Developer

HTML • CSS • Javascript • Node.js • ES6+ • React • Redux • GraphQL • Typescript • MongoDB • Git

A web developer adept in building responsive, well-designed web applications, front and back end. My training with The Jump Digital School has prepared me to build professional and efficient applications suited to the needs of the clients.

Professional Training

Professional Full-Stack Web Developer Bootcamp | The Jump Digital School (2022)

Transferrable Skills

- **Leader and Team Player:** Team leader of a 10-person team that fulfilled all orders, both customer facing and online, including during the difficult lockdown periods.
- **Organised and communicative:** Worked with different levels of management and with external resources to maintain stock levels and customer satisfaction in a previous role.
- **Adaptable and Multi-Faceted:** I am dedicated to my positions and able to think on my feet to solve problems. I would often switch roles to maintain the best performance and to support others.
- **Driven and self-reliant:** Took it upon myself to retrain and return to study, in my own time, while maintaining the high standards that full-time work expected.

Prior experience

Barista	Caffe Nero	November 2021 - Current
Supervisor/Shop Assistant	Oscar's Coffee	April 2021 - October 2021

Continuing from previous experience, my responsibilities continue to ensure the smooth operation of the shop to the highest quality and ensuring customer satisfaction. Recently moved to High Wycombe and as such have decided to pursue new opportunities closer to home.

Assistant Manager	FCB Coffee	November 2019 - April 2021
-------------------	------------	----------------------------

Responsible for the day to day front of house operations, ensuring the smooth operation of the shop to the highest quality and ensuring customer satisfaction. Responsibilities include the ordering of stock. Organising the rota and ensuring staff needs and hours are met. Cash handling and recording, as well as depositing in the bank, and organising the maintenance of equipment.

Barista	FCB Coffee	December 2018 - November 2019
---------	------------	-------------------------------

Tutored in house by an SCA certified barista, serving high quality espresso throughout the day, ensuring confident and cheerful customer service, putting customer satisfaction first. This was an incredibly fast-paced and intense work environment, of which I learned to thrive.

References and further experience available on request.

Hobbies and Interests

My hobbies include Dungeon's and Dragons, an interactive roleplaying game in which I am 'DM', requiring extensive planning and scheduling, as well as creativity. I also enjoy nature, in particular trees. I dabble in horticulture and bonsai, which requires patience and dedication.
